SUMMARY

Six months of experience in creating responsive and visually engaging User Interfaces. Committed to clean code, collaboration, ensuring seamless user experiences.

EXPERIENCE

Frontend React Developer Intern Remote

Jul-Dec 2023

Eziline Software House Rawalpindi

Tasks

- Cooperate with designers to create clean and simple interfaces, intuitive interactions and experiences.
- Develop project concepts and maintain optimal workflow.
- Actively engaging with senior developers to manage large and complex design projects.
- Carry out quality assurance tests to discover errors and optimize usability.

EDUCATION

University of Sargodha

2019-2023

BS Software Engineering

CGPA

3.74

PROJECTS

Capstone Project

CyberCrime Attacks Ontology

- An ontology that represents the comprehensive knowledge about different attacks like their best defences, prevention and detection techniques and vulnerabilities. Purpose is to offer accessible information to individuals who are new to the field, students, and domain experts.

Ezitech Courses Site

- An online learning platform offering a diverse range of courses, empowering learners with practical skills in different fields.
